

## NAS Guernsey Sensory Toy Library

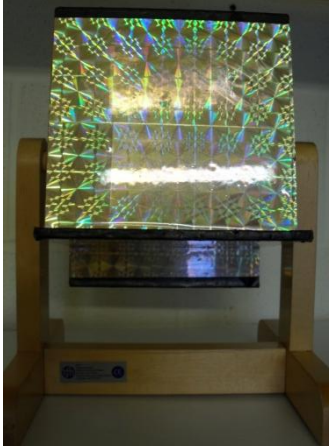

<u>Item No.</u>	<u>Photo</u>	<u>Item Description</u>
1		<p><b><u>Steplite</u></b></p> <p>Large floor standing light.</p> <p>Up to 16 steps of coloured light illuminate when any sound is made - endeavour to turn on all of the lights right up to the top</p> <p>As well as instant sound to light, the StepLite has fifteen other sound-responsive or automatic programmes to enjoy.</p>
2		<p><b><u>Maxi Aquatic Bubble Tube and Switch</u></b></p> <p>An interactive bubble tube with plastic fish. The four colours and bubbles can be controlled by connecting the switch box.</p> <p><i>Good for relaxation and interaction (cause and effect)</i></p>
63		<p><b><u>Light Curtain Box</u></b></p> <p>This portable box utilises one of the most popular fibre for sensory applications; sparkle fibre which is arranged in a portable unit with a mirror secured in place behind the fibre.</p> <p>The ends of the fibre have been heat sealed and the fibre does not emit any heat or electricity.</p> <p>Colour change features can be altered via the wireless remote control supplied as part of the kit.</p>
64		<p><b><u>Infinity Box</u></b></p> <p>This portable box is handmade with fibre optics. With the clever use of mirrors it creates a floating, never ending stream of rosettes and these are surrounded by an infinite amount of colour changing fibres.</p> <p>The integral super bright LED light source is housed in the unit, enabling the user to simply plug and play. Convenient carry handle enables easy transportation from room to room.</p> <p>Colour change features can be altered via the wireless remote control supplied as part of the kit.</p>

31		<p><b><u>Sound Light Dome</u></b></p> <p>This sound sensitive dome has an integral radio CD MP3 system and reacts to voice. It produces light creating a powerful easy to activate response for the visual and auditory senses. The speed of the light changes is easily controlled. Can be used with an external microphone (included).</p>
4		<p><b><u>Space Projector</u></b></p> <p>With four different colour wheels – projects swirling coloured patterns onto a wall or ceiling.</p> <p><i>Good for relaxation</i></p>
41		<p><b><u>Star Projector</u></b></p> <p>Laser Stars All Round Projector will fill an entire room with thousands of moving stars and cloud formations. even with the occasional shooting star! Created from powerful green laser technology with holographics it is fully adjustable and can literally fill up an entire ceiling and portions of several walls at once.</p> <p>It requires no set up and is simple to use (AC adapter included).</p>
5		<p><b><u>Spotlight and Variable colour wheel</u></b></p> <p>Includes 16 interchangeable coloured sections allowing greater flexibility with lighting effects. Speed and direction can be controlled at the touch of a button.</p>
6		<p><b><u>UV lantern and Accessories Kit</u></b></p> <p>Portable and rechargeable UV lantern – creates a blue UV light to use in conjunction with the UV sensitive equipment included in the kit (gloves, spiky gloves, scarves, squidgy caterpillars, bugs and balls)</p>

7		<p><b><u>Fluorescent Bead Drum</u></b></p> <p>Tubes of colourful beads which can be rotated on the frame.</p> <p>Can be used under UV light</p>
8		<p><b><u>Fluorescent Mirror Chimeabout</u></b></p> <p>Spinning fluorescent bars with bell chimes.</p> <p>Can be used under UV light.</p>
9		<p><b><u>The Dark Den and Accessory Kit</u></b></p> <p>Crawl into the dark den and explore the possibilities of a sensory environment. Light blocking double nylon skin means that it really is dark and so allows the full effect of the lighting accessories provided.</p> <p>Can also be used in conjunction with the UV lantern and fluorescent products</p> <p>Dimensions: 1m x1m x 1m, consists of 12 poles (8 connectors).</p> <p><i>Good for relaxation and calming</i></p>
10		<p><b><u>Mathmos Aduki NI Colour Change Light</u></b></p> <p>This is more than just a colour changing light. Totally portable, the cool and silky smooth chrome plated surface is tactile to touch, the shape and weight is simply perfect to cradle comfortably in any hands. Observe, experience and enjoy as the Aduki NI <i>comes alive</i> as it automatically morphs through the colour spectrum. It can even be paused on a favourite colour, with its silicone soft touch buttons underneath.</p> <p>Rechargeable, it will work without a lead for as long as 6 to 8 hours.</p> <p>Suitable for age 3+</p>

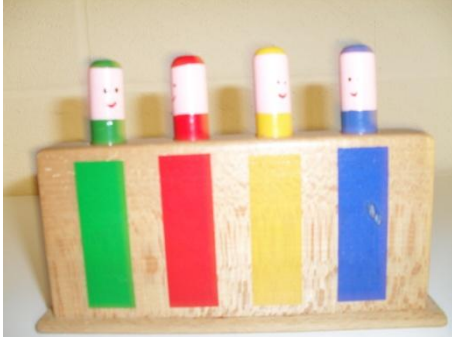

11		<p><b><u>Exploring the Senses – Sounds Kit</u></b></p> <p>A portable kit packed with all you need to stimulate the senses! Includes a range of carefully selected, high quality products such as an electric percussion pad, boomwackers, drum and shakers contained in a storage bag on wheels.</p>
12		<p><b><u>Tactile Sole Sensation</u></b></p> <p>12 Interlocking tactile squares which can be build into a grid or pathway.</p>
13		<p><b><u>Snowbox</u></b></p> <p>A large box within which a fan blows feathers while various coloured lights can be lit.</p>
14		<p><b><u>Minhattan</u></b></p> <p>A large box combining light and music</p>
15		<p><b><u>Zig Zag Racer</u></b></p> <p>Watch the disc zig zag down the wooden frame</p> <p><i>Good for visual tracking</i></p>

16		<p><b><u>Box of Musical Instruments</u></b></p> <p>16 items</p>
17		<p><b><u>Bag of Musical Instruments #1</u></b></p> <p>13 items</p>
18		<p><b><u>Bag of Musical Instruments #2</u></b></p> <p>10 items</p>
19		<p><b><u>Ocean Drum and Drumstick</u></b></p>
20a		<p><b><u>Wooden Bead Frame #1</u></b></p> <p><i>Good for fine motor skills, hand eye co-ordination and tracking</i></p>

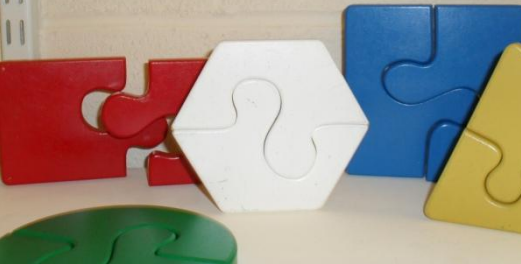

20b		<p><b><u>Wooden Bead Frame #2</u></b></p> <p><i>Good for fine motor skills, hand eye co-ordination and tracking</i></p>
21		<p><b><u>Small Refraction Roller</u></b></p> <p>A small hand held roller which can be pushed along the floor</p>
22		<p><b><u>Water Wheels Timer</u></b></p>
23		<p><b><u>Refraction Carousel</u></b></p> <p>The paddles of the wheel are covered in plain and diffraction mirrors. Watch the light reflect different colours as the wheel spins. Visually stimulating while encouraging basic concentration.</p>
24		<p><b><u>Refraction Box</u></b></p> <p>This box is covered in diffraction mirrors and spins on its axis.</p>

25		<p><b><u>Chimeabout</u></b></p> <p>Mounted on a wooden stand, the strips of mirror faced coloured acrylic are revolved by hand to give an attractive effect of light and colour together with the pleasant sound of the bells.</p> <p>Contact gives an immediate visual and auditory reward.</p>
26		<p><b><u>Helter Skelter Tube</u></b></p> <p>Watch the metal balls roll down the helter skelter</p> <p><i>Good for tracking</i></p>
27		<p><b><u>Fascination Tube</u></b></p> <p>Football in liquid</p>
28		<p><b><u>Flip Fingers</u></b></p> <p>5 revolving hollow wooden tubes mounted on a frame. Each tube has bells inside it. This product combines colour and sound effects with gross hand and fine finger movements.</p> <p><i>Good for gross and fine motor control</i></p>

29		<p><u>Wooden Xylophone</u></p>
30		<p><u>Round Bells</u></p>
32		<p><u>Bead Ball</u></p>
33		<p><u>Small Bell Frame</u></p>
34		<p><u>Expanding Tactile Ball</u></p>
35		<p><u>Glo in the Dark Expanding Tactile Ball</u></p>

36		<p><b><u>Expanding Tactile Ball</u></b></p>
37 38		<p><b><u>Springy People</u></b></p> <p>Push down the coloured people and watch them spring up.</p> <p>Good for relating cause and effect and building basic concentration and focus.</p>
65		<p><b><u>Shape puzzle</u></b></p>
197		<p><b><u>Noise Whaker</u></b></p> <p>Makes a 'boing' noise when hit against a hard surface</p>
310		<p><b><u>Plastic bead frame ball</u></b></p>

647		<p><b><u>Feely Puzzle</u></b></p> <p>Match the wooden tiles to the board by feeling the surface coverings</p>
648		<p><b><u>Circle Puzzle</u></b></p> <p>Develops size discrimination</p>
632		<p><b><u>Vegetable peg puzzle</u></b></p>
651		<p><b><u>Fruit Peg Puzzle</u></b></p>
655		<p><b><u>Posting House</u></b></p> <p>Shape sorter</p>

685		<p><b><u>1,2,3,4 Shape Puzzle</u></b></p>
692		<p><b><u>Bolt puzzle</u></b></p> <p><i>Good for fine motor development</i></p>
693		<p><b><u>2 piece shape puzzles</u></b></p>
694		<p><b><u>3D sphere puzzle</u></b></p>
695		<p><b><u>Run Car Race Track</u></b></p> <p>This bright and colourful wooden race track comes with little coloured cars which are released at the top so they speed down the track through each level until they reach the bottom. Good for fine motor skills, hand-eye co-ordination, social interaction and tracking skills. Includes 4 bright coloured wooden cars. Age 3+</p>

42		<p><b><u>Rainbow Sound Blocks</u></b></p> <p>Promote sensory exploration with these colourful sound and light blocks. Shake to hear a range of sounds or look through to see the world in a different light. Made from tactile wood and coloured Perspex. Contained in a wooden box.</p>
43		<p><b><u>Lacing Boards</u></b></p> <p>Develop fine motor skills with these beautifully crafted threading shapes.</p> <p>Set of 6, with wooden peg laces.</p> <p>For ages 3yrs+. Approx 20cm.</p>
45		<p><b><u>Threading Fruits</u></b></p> <p>Develop manipulative skills with this bright, chunky collection of wooden threading fruits. Suitable for role play. Set includes 24 fruits and core thread. Size: 1.3 x 13 x 0.8 cm</p>
46		<p><b><u>Giant Lacing Beads</u></b></p> <p>These colourful and chunky big beads make play easy for little hands and help with fine motor skills. 4 shapes, 6 colours, 48 pieces, 3.5cm with 6 x 65cm laces.</p>

<p>47a 47b 47c</p>	 <p>The image shows a 'Feed the Animals Set' featuring three cartoon animals: a dog, a rabbit, and a monkey. Each animal has a large, open mouth. A hand is shown using red plastic tweezers to pick up a small yellow treat from a bowl and place it into the monkey's mouth. There are also other bowls containing various treats like carrots and bananas.</p>	<p><b><u>Feed the Animals Set</u></b></p> <p>Children build fine motor control, develop eye/hand coordination and more as they help the hungry animals gobble up treats!</p> <p>These irresistible games feature super-silly animals with giant - sized mouths plus big, fun - to - use tweezers designed just for little hands.</p> <p>Use the tweezers to grab tasty pretend treats and drop them into the each animals mouth and fine-tune motor skills with every bite!</p> <p>Each animal is 14cm high and comes with its own bowl, 30 feeding objects and safe plastic tweezers.</p>
<p>48</p>	 <p>The image shows a wooden tabletop target board with a colorful animal theme. It has several circular holes of different sizes. A hand is shown dropping a small, colorful beanbag into one of the holes. There are several other beanbags scattered on the surface in front of the board.</p>	<p><b><u>Small target board</u></b></p> <p>Wooden tabletop target board with mini beanbags – throw and aim to get the beanbags into the holes. Encourages concentration, hand-eye co-ordination, and motor skills.</p>
<p>50</p>	 <p>The image shows two children sitting inside a large, red, bowl-shaped spinning top. The children are holding the handles of the top, which is designed to protect their heads and fingers. The top is made of a sturdy plastic material.</p>	<p><b><u>Giant Spinning Top</u></b></p> <p>Made of strong plastic for indoor or outdoor play this giant top can be used by one or two children to rock, roll or spin.</p> <p>The edge of the top protects children's heads whilst the 4 raised edges protect fingers from being trapped.</p>
<p>51</p>	 <p>The image shows two children sitting on a red, hand-held rotation board. The board is a flat, circular disc with two handles extending from the sides. The children are holding the handles and appear to be rotating the board together.</p>	<p><b><u>Hand Held Rotation Board</u></b></p> <p>Movement stems from the waist and arms and needs only simple motions to manoeuvre. Targets the cerebral cortex and can be used with 1 or 2 children. Size: 66 cm diameter.</p>

55		<p><b><u>Maze Balancing Board</u></b></p> <p>Children use their core stability and balance to roll a rubber ball around the snail maze – tricker than it looks!!</p> <p><i>Great for balance and core stability</i></p>
52		<p><b><u>Agility Ladder</u></b></p> <p>Our soft flexible rung ladder is an ideal introduction for testing speed, agility and fun. The 4-metre ladder can be easily packed away.</p> <p><i>Good for gross motor development and spacial awareness</i></p>
53		<p><b><u>Bumpy Steps</u></b></p> <p>Develop balance skills and gross motor skills using our colourful, bumpy, squashy steps. For indoor and outdoor use.</p> <p><i>Good for gross motor development and balance</i></p>
56		<p><b><u>Jelly Steps</u></b></p> <p>This appealing set of jellyfish stepping stones are made from soft transparent artificial rubber.</p> <p>Each jelly is only 2.5cm high and non-slip so even small children can walk or jump from jelly to jelly, developing their motor skills with confidence.</p>

54		<p><b><u>Balance Path Set</u></b></p> <p>This 8 piece walking path in curves and straight bars can be endlessly rearranged to stimulate little feet and give them a balancing grip.</p>
62		<p><b><u>Air Cushion (30cm)</u></b></p> <p>An inflatable dynamic balloon that mimics movement and shape.</p> <p>One side is pimple studded with the other having smaller bumps; this provides a varied terrain for the child.</p> <p>Can be used for balance training in standing, kneeling or seated, BUT can also be used to give improved sensory and proprioception feedback when used as a set cushion for children struggling with concentration or fidgeting.</p>
60		<p><b><u>Lap Weight</u></b></p> <p>A weighted lap pad which provides reassuring downwards pressure to the upper thighs while the user is in a seated position.</p> <p><i>Can helps to stabilise fidgeting legs</i></p>
61a 61b		<p><b><u>Vibrating Pillow</u></b></p> <p>Squeeze the cushion to make it vibrate, release the pressure and the vibration stops. The Vibrating Pillow helps soothe sore and aching limbs, leaving you feeling relaxed and comfortable.</p> <p>Requires 2 x D batteries (included). Size: 300mm square.</p> <p>(2 available)</p>

Items are available to borrow by any parent/carer or professional working with a child with sensory needs within the Balliwick of Guernsey.
